
Job Title: Senior Repair Technician
Job Status: Full Time

Location: Charlotte, NC

Airgas, Inc. (NYSE: ARG), through its subsidiaries, is the largest U.S. distributor of industrial, medical, and specialty gases and related hardgoods, such as welding supplies. Airgas is also the third-largest U.S. distributor of safety products, the largest U.S. producer of nitrous oxide and dry ice, the largest liquid carbon dioxide producer in the Southeast, and a leading distributor of process chemicals, refrigerants and ammonia products.

RED-D-ARC (an Airgas company) is the largest provider of welding and welding-related rental products and services in North America, with over 50,000 units in our fleet. Red-D-Arc currently offers rental welding-equipment through over 50 service centers in the United States, Canada, Mexico, the United Kingdom, Europe and the Middle East, as well as through Airgas construction Stores and dealer network that included the Caribbean, Puerto Rico, Trinidad, Kazakhstan and Australia.

Job Profile

Under the direction of the District Operations Manager the incumbent repairs, refurbishes and maintains welding equipment and related products while ensuring a safe working environment. The incumbent also will seek responsibilities in the training of such products.

We are looking for a Senior Repair Technician:

- Ensures a safe work environment by following Airgas/Red-D-Arc's health and safety guidelines.
- Facilitates and participates in the training of Specialty Products within Red-D-Arc's Welder Fleet.
- Repairs and refurbishes Welding Equipment and related products.
- Assembles equipment for rental, sale, and lease. Tests and calibrates machines to see if they are functional.
- Maintains and upkeep the general appearance and aesthetics of welding equipment and related products.
- Replaces defective parts and completes preventative maintenance required.
- Orders parts as required in order to complete repairs.
- Inspects returned equipment for proper operation and/or damage by the customer.
- Operates a forklift, pallet jack or other necessary equipment to stock required parts in the shop.
- Ensures clean and organized work environment at all times.
- Prepares and completes paperwork for all machine repairs.
- Occasionally required to service equipment and customers off-site.
- Maintains communication with all branch personnel.
- Occasionally advises customers regarding best equipment for their projects.
- Performs other related duties as required.

Qualifications:

- Post secondary education equivalent to a one year Technical College or equivalent is an asset.
- Five years of related technical experience.
- Five years of related experience facilitating a training program.
- Organizational development experience.
- Working knowledge of welding equipment, welding applications and related products is an asset.

Skills

- Ability to make critical decisions while following company procedures.
- Ability to act proactively or find a solution with work-related problems.
- Ability to effectively build relationships with customers and co-workers.
- Adaptable to set and prioritize work with varying exceptions.
- Ability to work with a wide variety of people with different personalities and backgrounds.
- Strong communication with written verbal applications.

Please apply, in confidence, via email to Employment@Red-d-Arc.com or via fax to 1-905-963-7817, referencing the position in the subject line.

Red-D-Arc would like to thank all candidates for their application; however only those selected for an interview will be contacted.
