Job Profile

We are seeking a highly motivated Product Specialist - Generators. This person will primarily be responsible for cold-calling, prospecting, qualifying and selling in the region.

Key Responsibilities

- Provide temporary portable power solutions to Commercial and Industrial customers.
- Develop current and potential customer relationships in order to obtain or surpass the yearly revenue budgets in line with company procedures and targets.
- Support existing regional sales team with product and application guidance, as well as training when needed.
- Create and execute an annual territory sales plan, account management, cold calling, presentation development and delivery, closing deals, working with operations teams to ensure customer needs are met.
- Compiles lists of prospective customers from various sources for use as sales leads.
- Establishes a customer base in which to promote and solicit new and on-going business.
- Calls on regular and prospective customers by phone or by traveling throughout assigned territory to solicit orders and close sales.
- Displays or demonstrates product, using samples or brochures and emphasizes marketable features.
- Quote prices, contract terms, estimated delivery date, and credit terms to customers.
- Coordinate with appropriate branch office to prepare sales contracts, other documentation, and/or collection for orders and projects.
- Prepares various reports and presentations as required for sales, client meetings, expenses, etc.
- Maintain accurate reports and database records of customer contacts/activities and transactions.
- Provides technical sales assistance and work with the local selling team to increase business of existing and new accounts.
- Formulate sales revenue forecasting / projections.
- Records daily and weekly activities in the CRM system.
- Prepare accurate and current progress reports to management on the status of all pending opportunities, estimated revenues of contracts and critical customer related activities.
- Embrace and promote safety culture.

Experience/Job Qualifications

- Bachelor's degree and minimum (5) years sales experience in Power Generation/Rental Industry preferred.
- True Hunter mentality with exceptional cold calling and closing skills.
- Existing book of business and customer relationships in the region.
- Ability to travel 3-5 days per week including overnight stays.
- A self-starter with the ability to work autonomously.
- Electrical aptitude.
- Excellent written and oral communication skills.
- Strong analytical and leadership skills.
